

Circular email received 13 September 2023

Dear all

Thank you for attending or showing interest in the two forums held in late June to discuss the recently published Home Education guidance for local authorities, and the accompanying home educator's handbook. We attach full notes from the forums.

We also include:

- Welsh Government's response to questions asked in the chat bar which were not able to be answered on the day.
- The presentation from Welsh Government which was used at the forums
- Training materials which Welsh Government agreed to provide, that were used earlier this year. Event 1 took place on February 28th and was an Online Session. Event 2 took place on March 21st and was an In person Session. Please note that the MCC-Ceredigion Presentation has been split as it was too large to load as a single PowerPoint.

I hope that you find these documents helpful. If you have any queries regarding the content, please direct these to Welsh Government at ElectiveHomeEducation@gov.wales

Kind regards,
